

Our Partners

Your one stop shop to reach millions

At Seated, we've built the highest quality dining rewards network in the country, connecting your restaurant to millions of high-spending guests across top dining and card platforms.

One seamless product designed to help you fill empty seats.

With over 80M accounts Mastercard is one of the largest card networks in the world, and Citi is the 3rd largest card issuer in the United States.

- Exclusive access to one of the largest issuers in the world.
- Free promotion to millions of cardholders in their “Offers Nearby” section focusing on local diners based on geo-promotion.

Rakuten is a global rewards platform loved by millions of people.

- They recently launched a Credit Card that offers the highest dining rewards of any credit card!
- This partnership targets local residents looking for local businesses to support.

Bilt is the first U.S program to offer credit card points on rent payments.

- With BILT powering 1 in every 4 rental buildings across the country, this partnership targets local young, affluent professionals and is one of our largest partners.

Upside is a rewards platform that incentivizes people to support local businesses for everyday services like gas and groceries.

- Seated powers their dining portal and primarily targets a younger audience.

Renew controls the exclusive Dining Offers experience for some of the largest banks in the country – Citizens (Northeastern focus) and Barclays.

- Wide national reach with over 20 millions issued cards/users.

Dinova is our corporate partnership. This partner works with large cooperations like Google, Nike and Salesforce.

- Employees use this platform to find restaurants for corporate luncheons, dinners, events, etc.
- Highly valued transactions due to them primarily taking place on weekdays and being higher spend tickets. Dinova is one of our largest partners!

Cardlytics controls the exclusive Dining Offers experience for Truist and US Bank.

- Gives your restaurant a wide reach across a valuable, high spend demographic.

fluz

Fluz is a rewards-first digital bank that helps consumers and small businesses save money on their purchases.

- Around 500k consumers and around 7500 small businesses.
- Gives your restaurant the extra boost in exposure it needs.
